

S03 Carrier Common Line

ACCESS SERVICE

3. Carrier Common Line Access Service

The Telephone Company will provide Carrier Common Line Access Service (Carrier Common Line Access) to customers in conjunction with Switched Access Service provided in Section 6 of this tariff.

3.1 General Description

Carrier Common Line Access provides for the use of end users' Telephone Company provided common lines by customers for access to such end users to furnish Intrastate Communications.

Premium Access is all Switched Access Service excluding originating FGA and FGB Switched Access Service provided in an end office not yet converted to equal access to customers that do not furnish intrastate MTS/WATS. Premium Access includes FGA Switched Access Service utilized in the provision of Foreign Exchange Service.

Non-Premium Access is originating FGA and FGB Switched Access Service provided in an end office not yet converted to equal access to customers that do not furnish intrastate MTS/WATS.

A Special Access Surcharge, as set forth in Section 17.3.1 following, will apply to intrastate Special Access Service provided by the Telephone Company to a customer, in accordance with regulations as set forth in Section 7.3 following.

3.2 Limitations3.2.1 Exclusions

Neither a telephone number nor detail billing are provided with Carrier Common Line Access. Additionally, directory listing and intercept arrangements are not included in the rates and charges for Carrier Common Line Access.

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)

3.2 Limitations (Cont'd)

3.2.2 Access Groups

All line side connections provided in the same access group will be limited to the same feature and operating characteristics.

All trunk side connections provided in the same access group will be limited to the same features and operating characteristics.

3.2.3 WATS Access Lines

Where Switched Access Services are connected with Special Access Services at Telephone Company Designated WATS Serving Offices for the provision of WATS or WATS-type Services, Switched Access Service minutes which are carried on that end of the service (i.e., originating minutes for outward WATS and WATS-type services and terminating minutes for inward WATS and WATS-type services) shall not be assessed Carrier Common Line Access per minute charges with the following exception; Carrier Common Line Access per minute charges shall apply when FGA or FGB switched access is ordered from a non equal access Telephone Company office that does not have measurement capabilities and the assumed average access minutes, as set forth in Section 6.5.4, are used.

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)

3.3 Undertaking of the Telephone Company

3.3.1 Provision of Service

- Where the customer is provided Switched Access Service under other sections of this tariff, the Telephone Company will provide the use of Telephone Company common lines by a customer for access to end users at rates and charges as set forth in Section 17.1.1 and 17.1.2 following.

3.3.2 Interstate and Intrastate Use

The Switched Access Service provided by the Telephone Company includes the Switched Access Service provided for both interstate and intrastate communications. The Carrier Common Line Access rates and charges as set forth in Sections 17.1.1 and 17.1.2 following apply to intrastate Switched Access Service access minutes in accordance with the rate regulations as set forth in Section 3.8.4 following.

3.4 Obligations of the Customer

3.4.1 Switched Access Service Requirement

The Switched Access Service associated with Carrier Common Line Access shall be ordered by the customer under other sections of this tariff.

3.4.2 Supervision

The customer facilities at the premise of the ordering customer shall provide the necessary on-hook and off-hook supervision.

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)3.5 Determination of Usage Subject to Carrier Common Line Access Charges

Except as set forth herein, all Switched Access Service provided to the customer will be subject to Carrier Common Line Access charges.

3.5.1 Determination of Jurisdiction

When the customer reports interstate and intrastate use of Switched Access Service, the associated Carrier Common Line Access used by the customer for intrastate will be determined as set forth in Section 3.8.4 following.

3.5.2 Cases Involving Usage Recording By the Customer

Where FGC end office switching is provided without Telephone Company recording and the customer records minutes of use used to determine Carrier Common Line Access charges (i.e., FGC operator and calls such as pay telephone sent-paid, operator-DDD, operator-person, collect, credit-card, third number and/or other like calls, the customer shall furnish such minutes of use detail to the Telephone Company in a timely manner. If the customer does not furnish the data, the customer shall identify all Switched Access Services which could carry such calls in order for the Telephone Company to accumulate the minutes of use through the use of special Telephone Company measuring and recording equipment.

3.5.3 Local Exchange Access and Enhanced Services Exemption

When access to the local exchange is required to provide a customer service (e.g., MTS/WATS-type, telex, Data, etc.) that uses a resold Special Access service, Switched Access Service Rates and Regulations, as set forth in Section 6 following will apply, except when such access to the local exchange is required for the provision of an enhanced service. Carrier Common Line Access rates and charges as set forth in Section 17.1.1 following apply in accordance with the resale rate regulations as set forth in Section 3.6.4 following.

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)3.6 Resold Services3.6.1 Scope

When the customer is reselling MTS and/or MTS-type service(s) on which the Carrier Common Line and Switched Access charges have been assessed, the customer may, at the option of the customer, obtain FGA, FGB or FGD Switched Access Service under this tariff as set forth in Section 6 following for originating and/or terminating access in the local exchange. Such access group arrangements whether single line or trunk or multiline hunt groups or trunk groups will have Carrier Common Line Access charges applied as set forth in Section 17.1.1 following in accordance with the resale rate regulations set forth in Section 3.6.4 following. For purposes of administering this provision:

Resold intrastate terminating MTS and MTS-type service(s) shall include collect calls, third number calls and credit card calls where the reseller pays the underlying carrier's service charges; and shall not include interstate minutes of use.

Resold intrastate originating MTS and MTS-type service(s) shall not include collect, third number credit card or interstate minutes of use.

3.6.2 Customer Obligations Concerning the Resale of MTS and MTS-type Services

When the customer is reselling MTS and/or MTS-type service as set forth in Section 3.6.1 preceding, the customer will be charged Carrier Common Line Access charges in accordance with the resale rate regulations as set forth in Section 3.6.4 following if the customer or the provider of the MTS service furnishes documentation of the MTS usage and/or the customer furnishes.

documentation of the MTS-type usage. Such documentation supplied by the customer shall be supplied each month and shall identify the involved resold MTS and/or MTS-type services.

The monthly period used to determine the minutes of use for resold MTS and/or MTS-type service(s) shall be the most recent monthly period for which the customer has received a bill for such resold service(s). This information shall be delivered to the Telephone Company at a location specified by the Telephone Company, no later than 15 days after the bill date shown on the resold MTS and/or MTS-type service bill. If the required information is not received by the Telephone Company, the previously reported information, as described preceding, will be used for the next two months. For any subsequent months, no allocation or credit will be made until the required documentation is delivered to the Telephone Company by the customer.

3.6.3 Resale Documentation Provided By the Customer

When the customer utilizes Switched Access Service as set forth in Section 3.6.2 preceding, the Telephone Company may request a certified copy of the customer's resold MTS or MTS-type usage billing from either the customer or the provider of the MTS or MTS-type Service. Requests for billing will relate back no more than 12 months prior to the current billing period.

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)

3.6 Resold Services (Cont'd)

3.6.4 Rate Regulations Concerning the Resale of MTS and MTS-type Services

When the customer is provided an access group to be used in conjunction with the resale of MTS and/or MTS-type services as set forth in Section 3.6.1 preceding, subject to the limitations as set forth in Section 3.2 preceding, and the billing entity receives the usage information required as set forth in Section 3.6.2 preceding, to calculate the adjustment of Carrier Common Line Access charges, the customer will be billed as set forth in (D), (E) or (F) following, depending upon, respectively, whether the usage is from non equal access offices, equal access offices or a combination of the two.

(A) Apportionment and Adjustment of Resold Minutes of Use

When the customer is provided with more than one access group in a LATA in association with the resale of MTS and/or MTS-type services, the resold minutes of use will be apportioned as follows:

(1) Originating Services

The Telephone Company will apportion the resold originating MTS and/or MTS-type services and originating minutes of use for which the resale credit adjustment applies, among the access groups. Such apportionment will be based on the relationship of the originating usage for each access group to the total originating usage for all access groups in the LATA. For purposes of administering this provision.

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)3.7 Coin Services (Cont'd)3.7.3 Payment of Coin Sent-Paid Monies (Cont'd)(B) Total Customer Coin Revenue

The intrastate Total Customer Coin Revenue will be determined by the Telephone Company based on the customer message call detail received from the customer for each bill period and the customer's schedule of charges for sent-paid coin calls. Such Total Customer Coin Revenue will be developed each coin recorded day.

(C) Recourse Adjustments

For each coin recorded day, the Telephone Company will subtract from the Total Customer Coin Revenue an amount for coin station shortages. Coin station shortages are amounts resulting from unauthorized calling at coin pay telephone stations, use of unauthorized coins (i.e., foreign coins, slugs, and improper use of U.S. pennies), unauthorized removal of coins from coin pay telephone stations and coin refunds beyond the Telephone Company's control. Such amount for coin station shortages will be developed by the Telephone Company by multiplying the Total Customer Coin Revenue for each coin record day by a shortage factor. Such amount will be rounded to the nearest penny. The shortage factor will be determined by dividing the early total coin shortage amount by the yearly total coin revenue amount (i.e. total coin revenue equals the coin revenue due under exchange tariffs, state toll tariffs, and interstate toll tariffs). The total coin shortage amount and the total revenue amount will be determined by the Telephone Company through an annual special study.

3. Carrier Common Line Access Service (Cont'd)

3.8 Rate Regulations (Cont'd)

3.8.5 Determination of Premium and Non-Premium Charges (Cont'd)

- (B) . Access minutes for all non-premium rated Switched Access Service subject to Carrier Common Line charges will be multiplied by the Non-Premium Access per minute as set forth in Section 17.1.1 following.
- (C) Access minutes for all FGB Access Services with an Abbreviated Dialing Arrangement (ADA) subject to Carrier Common Line Charges will be multiplied by the Premium Access per minute rate as set forth in Section 17.1.1 following. The result is then multiplied by the ADA rate factor as set forth in Section 17.2.4 following.
- (D) Carrier Common Line charges shall not be reduced as set forth in Section 3.6.1 preceding unless Switched Access Charges, as set forth in Section 6 following, are applied to the customer's Switched Access Services.

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)3.8 Rate Regulations (Cont'd)3.8.5 Determination of Premium and Non-Premium Charges (Cont'd)

(E) . (Cont'd)

When the customer makes this report available to the Telephone Company in advance of billing, these minutes of use will be charged on the current bill as originating minutes of use as set forth in (F) following. If a billing dispute arises concerning the customer provided report, the Telephone Company will request the customer to provide the data the customer used to develop the report. The Telephone Company will not request such data more than once a year. The customer shall supply the data within 30 days of the Telephone Company request.

When this report is not available to the Telephone Company until after billing, it shall be used by the Telephone Company to calculate and post a credit to the customer's account. The credit shall be posted to the customer's account within 30 days of receipt of the report. The credit shall be calculated by multiplying the number of access minutes of used, for which a credit is determined to be applicable, times the difference between the terminating and originating Carrier Common Line charges in effect when the calls were completed.

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)3.9 Non-Traffic Sensitive Revenue Charge

All customers of the Telephone Company's Switched Access Services provided in Section 6, excluding Feature Group A Access Service provided to end users for intraLATA Foreign Exchange (FX) service, will be subject to a Non-Traffic Sensitive Revenue (NTSR) charge.

3.9.1 General Description

The NTSR charge is developed from the Telephone Company's Non-Traffic Sensitive (NTS) Revenue Requirement per access line per month rate, as set forth in Section 17.1.2 following.

The NTSR charge will apply to all intrastate interLATA and intrastate intraLATA terminating minutes of use for all customers. for the purpose of determining the NTSR charge, terminating minutes are defined to be those minutes to which the terminating carrier common line rate would be applied as indicated in Sections 3.2.2 and 3.8.5(E) preceding. These minutes will be referred to as terminating rated access minutes in this section.

The NTSR charge will not be reduced by the MTS and MTS-type resale credits described in Section 3.6.

3.9.2 Determination of Monthly NTS Revenue Requirement

During 1991, the Telephone Company will determine its monthly NTS Revenue Requirement by multiplying the NTS Revenue Requirement per access line per month rate, as set forth in Section 17.1.2 following, by the number of Telephone Company access lines in service on June 30, 1990.

For each subsequent calendar year, the Telephone Company will determine its monthly NTS Revenue Requirement by multiplying the NTS Revenue Requirement per access line per month rate, as set forth in Section 17.1.2 following, by the number of Telephone Company access line in service on December 31st of the previous year.

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)

3.9 Non-Traffic Sensitive Revenue Charge (Cont'd)

3.9.2 Determination of Monthly NTS Revenue Requirement (Cont'd)

The access lines used in the calculation shall be the same access lines reported by the Telephone Company to the National Exchange Carriers Association.

If the number of access lines decreases during subsequent years, the monthly NTS Revenue Requirement shall not decrease below from the prior period revenue requirement.

3.9.3 Billing of the NTSR Charge

The Telephone Company may select one of the billing methods, as set forth in (A) and (B) following, to calculate the monthly NTSR charge applicable to each customer. The Telephone Company will notify the customer which of the billing methods will be used.

(A) Percent Distribution Method

The Telephone Company will determine each customer's monthly intrastate terminating rated access minutes, as set forth in Section 3.9.1 preceding. The sum of all customers' monthly intrastate terminating rated access minutes will be used by the Telephone Company to determine the percent distribution for each customer.

The monthly NTSR charge for each customer will be determined by multiplying the Telephone Company's monthly NTS Revenue Requirement by the customer's percent distribution, **PUBLIC SERVICE COMMISSION OF KENTUCKY**

ACCESS SERVICE

3. Carrier Common Line Access Service (Cont'd)3.9 Non-Traffic Sensitive Revenue Charge (Cont'd)3.9.3 Billing of the NTSR Charge (Cont'd)(B) Per Minute Rate Method

The Telephone Company will develop an NTSR rate per terminating rated access minute by dividing its annual NTS Revenue Requirement by the total terminating rated access minutes for all customers. The total terminating rated access minutes for all customers shall be either the previous year's historical total or a Telephone Company forecasted total.

The monthly NTSR charge for each customer will be determined by multiplying the NTSR rate per terminating rated access minute, developed above, by each customer's monthly terminating rated access minutes as set forth in Section 3.9.1 preceding.

To facilitate the billing of the monthly NTSR charge, the Telephone Company may, at its option, combine with the NTSR rate per terminating rated access minute the terminating Carrier Common Line rate set forth in Section 17.1.1, in its billing system. The Telephone Company may exercise this option only when using the Per Minute Rate Method.

This billing method will require the Telephone Company to perform a true-up calculation for each customer on an annual basis. The sum of all customer's actual annual intrastate terminating rated access minutes will be used by the Telephone Company to determine the annual percent distribution for each customer.
